Local Dealer:

The **FD 404A1 High-Capacity Air Jogger** offers **variable vibration speed and air pressure** controls to reduce static electricity while allowing press sheets and digital printouts to be **air-dried immediately**. The convenient **foot-pedal switch** allows for two-handed loading and unloading. Its **V-shaped jog bin** is ideal for jogging a criss-cross stacked pile of papers, while the **vertical-to-horizontal tilt feature** helps keeps large paper stacks from bending. Using the **60-second countdown timer**, operators can set it for unattended jogging. With a **capacity of up to 940 sheets** and **rugged all-metal construction**, the FD 404A1 is an ideal piece of equipment for any print shop.
