## www.formax.com

The **FlashCard XL Business Card Cutter** allows users to cut full-bleed business cards, postcards, photos, and more. The **LCD Control Panel** allows for easy set up with 6 pre-programmed and 10 custom jobs. Using its **double friction feed system**, it easily cuts coated and uncoated paper, laminated sheets, and card stock. Cutting blades are accurate up to 0.1mm and can be enhanced by using the **registration mark reader**. Standard features include a **standard 3.5" cutting cassette,** and an **adjustable catch tray**. Options include a **cabinet on casters with waste bin**, and **quick-change cutting cassettes** to produce pieces including 3.5" x 5" postcards, 4" x 5" photos, 8.5" x 11" full-bleed brochures, 11" x 17" menus, and more.

*Double Friction Feed System*
*Automatic feeding with heavy duty cutting blades*

*Registration Mark Reading*
*Users can utilize the registration mark for enhanced cutting accuracy*

*Adjustable Catch Tray*
*Holds finished pieces and keeps them neatly stacked*

*Optional Quick-Change Cassettes*
*Heavy duty cutting cassettes can be changed easily for different size jobs*

*Optional Cabinet with Waste Bin*
*Ideal for higher volume, features casters for easy movement*
