Local Dealer:

Commercial-grade power and monitoring for highly-sensitive casino game pieces

In the casino and gaming industry, security is a top priority. Reduce the risk of fraud with the **FD 87 Casino EX Conveyor Shredder**, which combines user-friendly features, industrial strength and video accountability. **Solid-steel cutting blades** and a **heavy-duty 3HP motor** shred entire decks of playing cards, dice, casino chips, and gaming tokens. Simply press Start on the **LED Control Panel**, load items onto the conveyor, then monitor the shredding process with the unique **Camera Monitoring System** that displays and records real-time video of the feeding and destruction of retired gaming pieces. Shredded particles are collected in the **rugged molded plastic waste bin** for secure disposal.
