Local Dealer:

Fully-automated commercial-grade power for high volume shredding ...

The FD 8906CC Industrial Conveyor Shredder is designed to shred stacks of computer forms, cardboard, CDs, and entire files up to 650 sheets, at speeds of up to 35 fpm. Standard features include an LED Control Panel with load indicator, heat-treated solid-steel cutting blades, a powerful AC geared-motor, Auto Start/ Stop, Auto Reverse, and a variety of safety features. Shredding blades can also be customized to meet your specific needs. The front-access metal waste bin allows the shredder to be placed against a wall to save valuable space. The standard EvenFlow™ automatic oiling system lubricates the cutting blades, keeping the FD 8906CC in peak operating condition.
